2026

Welcome to the Workwear-World of

KARLOWSKY FASHION

Our mission is to **rethink workwear** – modern, functional, and with character. In 2026, we will present three brand worlds that combine tradition, design, and individuality: **Karlowsky®, DIAMOND CUT®, and ROCK CHEF®**.

With the expansion of our **Health & Beauty collections** and the use of sustainable materials such as **TENCEL®**, we are also setting new trends for a responsible future. As a new member of the **Partnership for Sustainable Textiles**, we are clearly committed to our responsibility towards people and the environment. This catalog invites you to experience workwear in a new way – as an expression of style, quality, and attitude.

KARLOWSKY FASHION

BRAND WORLD 2026

INNOVATIVE WORKWEAR EST. 1892

KARLOWSKY®

KARLOWSKY®
MADE FOR PROFESSIONALS. *page 36*

Quality products developed for the professional catering, hotel, medical, care & wellness sectors with an outstanding range of colors, high-quality materials and high durability. Thanks to professional cuts, Karlowsky® offers outstanding wearing comfort to successfully cope with daily work.

Brand Ambassador: Ludwig Maurer
Meat expert & organic Wagyu pioneer, TV chef, metalhead, charismatic host (STOI restaurant)

ROCK CHEF®

ROCK CHEF®
COOKING IS PURE ROCK! *page 18*

Innovative designs for individualists who want to stand out. Complex, tailor-made products with many stylish, eye-catching details make ROCK CHEF® what it is – simply special.

Brand Ambassador: Stefan Marquard
TV and Michelin-starred chef, innovative culinary eccentric and likeable provocateur

DIAMOND CUT®

DIAMOND CUT®
THE BRAND FOR LEADERS. *page 08*

Quality at the highest level – the finest materials, perfectly tailored and elegantly presented. DIAMOND CUT® is the perfect symbiosis of style and functionality – developed for the best in haute cuisine.

Brand Ambassador: Robin Pietsch | TV and Michelin-starred chef, owner of the Michelin-starred restaurants Pietsch and Zeitwerk
Brand Ambassador: Singh Laly | Top Indian restaurateur (Das Elb), passionate singer and media free spirit

Sustainability: a cornerstone for the future

...

In addition to tradition, innovation, quality and service, Karlowsky Fashion actively focusses on sustainable action and business. The company is one of just 64 companies to have been awarded the Green Button (Grüner Knopf), a government seal of quality for sustainably produced textiles and conscious corporate responsibility.

The company will continue to work intensively on implementing the stricter and more stringent requirements of the seal in the coming year, focussing on sustainable materials and production processes. Through its position in the market as a manufacturer and supplier, the company wants to establish sustainable behaviour in the supply and consumer chains and convince others to follow this path. The certification is therefore not only a recognition, but also an encouragement for the company to continue to develop and set new standards in terms of sustainability.

Karlowsky has also been awarded the most comprehensive and strictest textile certificates, the Global Recycled Standard (GRS) and Tencel®, which form the basis for product development and production. Tests for harmful substances on all products and compliance with fair production and working conditions worldwide are also carried out and tested regularly (Standard 100 by OEKO-TEX®, Labtech Prüfgesellschaft mbH and amfori BSCI)

WIR FÜHREN PRODUKTE MIT DEM SIEGEL:

WE CARRY PRODUCTS CERTIFIED WITH THE

GREEN BUTTON

GOOD FOR PEOPLE.
GOOD FOR NATURE.

certified by Control Union
CU 1091876
www.g-k.eu/karlowsky

Karlowsky Fashion carrys products that are certified with the Green Button label (Grüner Knopf)
GOOD FOR PEOPLE. GOOD FOR NATURE.

The Green Button (Grüner Knopf) is a government-run certification label for sustainably manufactured textiles. It provides guidance for consumers when shopping. The Green Button (Grüner Knopf) sets out mandatory requirements to protect people and the environment in the textile production process. A total of 46 stringent social and environmental criteria must be met – ranging from wastewater to forced labour.

What is special about the Green Button (Grüner Knopf) is that the company as a whole is also audited, not just the product. This makes it the first government-run certification label to systematically audit companies for compliance with human rights and environmental due diligence in their supply chains.

The government defines the criteria and conditions for the Green Button (Grüner Knopf), creating clarity and trust. Independent auditors review compliance with the criteria.

More information:
Certified by Control Union, CU 1091876
www.g-k.eu/karlowsky

Global Recycled Standard

certified by Control Union, CU 1091876
GlobalRecycled.org

Karlowsky® is certified according to GRS

Karlowsky Fashion is certified as a company according to the Global Recycled Standard (GRS). GRS is a product standard for tracking and verifying the percentage of recycled materials in a final product. The standard applies to the entire supply chain and addresses traceability, environmental principles, social requirements, chemical content and product labelling. With GRS certification, Karlowsky Fashion supports a circular economy that reduces waste by using it to make new products. These criteria are constantly monitored by independent accredited bodies.

The certificate's criteria include:

- fibre use criteria
- strict social criteria
- minimum water consumption
- free from toxic substances such as PFC and PTFE
- rules for storage, packaging & transport

A product can only be certified when the complete production chain from the manufacture of the raw material to the finished product is certified.

More information:
certified by Control Union, CU 1091876
GlobalRecycled.org

LABTECH
chemische und physikalische Materialprüfung

Quality Testing at Labtech

In the accredited German testing laboratory LABTECH Prüfungsgesellschaft mbH, we test our materials and products for washing properties, functionalities and harmful substances in accordance with standardized test procedures. This ensures quality assurance along the entire supply chain.

More information:
www.labtech-gmbh.de/en/

amfori
Trade with purpose

Member of amfori, the leading global business association for open and sustainable trade. We participate in amfori BSCI. For more information visit www.amfori.org

BSCI (BUSINESS SOCIAL COMPLIANCE INITIATIVE)

We, Karlowsky Fashion GmbH, are staunch participants of the amfori BSCI (Business Social Compliance Initiative) and have committed ourselves to compliance with the BSCI Code of Conduct. It includes basic requirements for our manufacturing companies in terms of working conditions and social standards.

These standards include:

- the right to freedom of association, the right to collective bargaining,
- no discrimination, fair remuneration, decent working hours,
- occupational health and safety, no child labour,
- special protection for young workers, no precarious employment,
- no bonded labour, protection of the environment, ethical business behaviour.

We are committed to these standards and we want to work exclusively with companies that continuously adhere to the same values. By choosing Karlowsky Fashion GmbH, you are choosing articles that have been produced in a socially responsible way.

www.amfori.org

OEKO TEX®
STANDARD 100

Karlowsky Fashion carries products with the STANDARD 100 by OEKO-TEX® product seal

If a textile article has been awarded the STANDARD 100 label, all components of this article, i.e. also all threads, buttons and other accessories, have been tested for harmful substances. The testing is carried out by independent accredited testing laboratories based on the extensive OEKO-TEX® criteria catalogue. The testing procedure takes into account numerous substances, both regulated and non-regulated, that could be harmful to human health.

In many cases, the limit values set for STANDARD 100 exceed national and international requirements. The criteria catalogue is updated at least once a year and expanded to include new scientific knowledge or legal requirements.

More information:
Certified by Hohenstein, S13-0998 & S22-3027
www.oeko-tex.com/standard100

Tencel™

Karlowsky® uses TENCEL fibres

TENCEL™ Lyocell fibres are derived from the natural raw material wood and feel naturally soft and supple. They promote a naturally dry feeling through moisture regulation and reduce odour development in a natural way. The fibres are produced in a resource-saving, closed production process* and are certified with the EU Ecolabel for outstanding environmental friendliness**. (*Savings take into account solvent recovery | **EU Ecolabel for textile products (licence no. AT/016/001)

TENCEL™ is a trademark of Lenzing AG.

More information:
www.tencel.com

BNT
BÜNDNIS FÜR NACHHALTIGE TEXTILIEN

Karlowsky® is a member of the Partnership for Sustainable Textiles

Karlowsky Fashion is an official member of the Partnership for Sustainable Textiles (BNT) – a multi-stakeholder initiative launched by the German Federal Ministry for Economic Cooperation and Development. Together with companies, NGOs, trade unions and politicians, we are committed to improving textile supply chains socially, ecologically and economically.

Our membership obliges us to take clear measures and report transparently. In this way, we are making a measurable contribution to the sustainable transformation of the textile industry.

Informationen

KARLOWSKY FASHION 2026

SIZE CHART

The measurements listed by us refer to the wearer (person) and not to the measurements of the respective garment! For example, if the chest circumference is 101 - 104 cm, it means that this product is suitable for a person with this chest circumference. It does not mean that the product itself has these measurements. If your measurements are somewhere between two sizes - we recommend ordering the larger size. Some Karlowsky® trouser models come with 3 different inside leg lengths for an optimal fit. Look for the size suffixes s (short) & l (long) when making your selection.
All other Karlowsky® trouser models are manufactured with a uniform inner leg length of 81 cm. Therefore, the inside leg measurement in the "Normal sizes" table applies to these trouser models.

MEASURING

The assistance of a helping person is recommended. We recommend to wear tight-fitting clothing or underwear. Measure directly on the body.
The necessary additions for the comfort or functionality are taken automatically by us during the creation of the textiles.

RECOMMENDATIONS

Please consider the following helpful measuring recommendations:

1 HEAD GIRTH

It is measured approx. 1 cm above the ears around the head.

2 NECK GIRTH

It is measured approximately at the level of the Adam's apple. The measuring tape is passed once around the neck so that it is at the same height throughout.

3 BODY HEIGHT

Measured from the heel to the mop top of the head.

4 CHEST WIDTH

It is measured horizontally around the body at the strongest point of the chest.

5 WAIST WIDTH

It is measured horizontally around the waist at the thinnest point.

6 HIP WIDTH

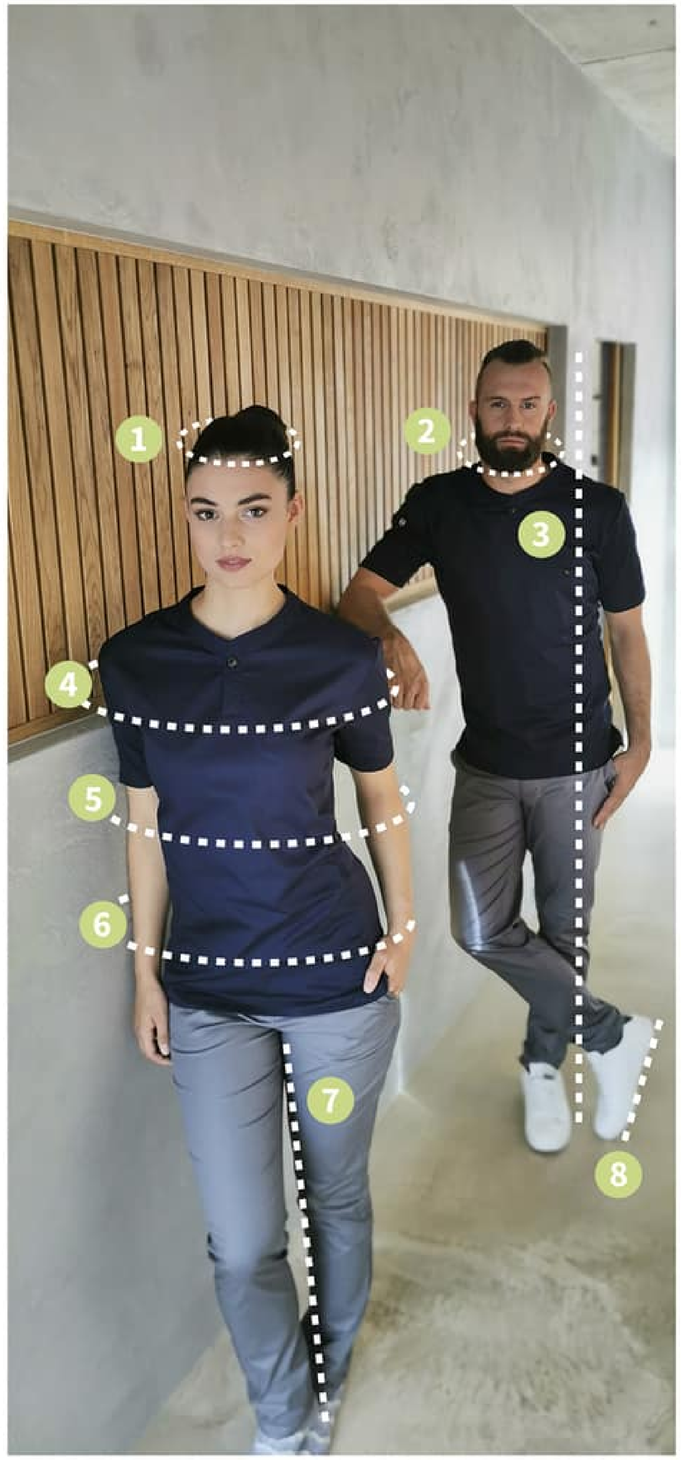
It is measured horizontally around the hip at the strongest point of the buttocks.

7 INSIDE LEG LENGTH

It is measured from the font inside along the leg straight down to the floor.

8 FOOT LENGTH

The greatest distance between the heel and the big toe is measured.



INDIVIDUAL TEXTILE FINISHING

Trendy fashion and uniform corporate wear is a solid investment in your company's future. With the additional and customized textile finishing of your company clothes the perception of your company to the outside world is reinforced and your market image enhanced.

WASHING SYMBOL LEGEND

WASHING	95	60	60	40	40	40	30	30	30		
	normal	normal	mild	normal	mild	very mild	normal	mild	very mild	hand wash	do not wash
	The numbers in the wash tub correspond to the maximum washing temperatures that must not be exceeded. The single bar below the wash tub indicates a gentle cycle with a reduced load and low spin speed. The double bar indicates a very gentle cycle with reduced mechanical action (e.g. wool wash).									
BLEACHING										
	any oxidizing bleaching agent allowed			only oxygen / non-chlorine bleach allowed			do not bleach			
DRYING										
	tumble drying possible, normal temperature			tumble drying possible, lower temperature			do not tumble dry			
	The number of dots indicate the drying level in the tumble dryer.									
IRONING										
	iron at max. temperature of 200°C			iron at max. temperature of 150°C			iron at max. temperature of 110°C caution when ironing with steam			do not iron
	The number of dots indicate the temperature ranges of the regulator irons.									
PROFESSIONAL TEXTILE CARE	P	P		F	F					
	professional dry cleaning normal procedure	professional dry cleaning pre-treatment process		professional dry cleaning normal procedure	professional dry cleaning pre-treatment process					do not dry clean
	The letters are intended for professional textile care providers. They provide information about the solvents that can be used. The bar below the circle indicates that cleaning should be carried out with limited mechanical stress, moisture and/or temperature.									
	W	W		W	W					
	professional wet cleaning normal procedure	professional wet cleaning pre-treatment process		professional wet cleaning special gentle treatment						do not wet clean
	This symbol indicates items that can be treated using wet cleaning methods. It is placed on the second line below the symbol for dry cleaning. The bars below the circle indicate that mechanical stress should be limited during wet cleaning. The double bar indicates an even gentler method.									

SAFETY FOOTWEAR AND OCCUPATIONAL FOOTWEAR PROTECTION CLASSES AT A GLANCE

Many people spend (almost) all of their working hours on their feet. KARLOWSKY® offers a wide range of comfortable and safe work and safety shoes for jobs in the catering industry, wellness sector and even nursing and medical professions. No matter what your requirements are, you are guaranteed to find what you are looking for at KARLOWSKY®. Slip-resistant soles, shoes with steel or aluminium toe caps, or antistatic soles – see our selection for yourself.

Please note the shoe class used. The classification of our shoes according to ISO standards is always clearly marked on the respective product.

You can find a detailed overview here: https://karlowsky.com/en/customer-service/shoe-standards/

LEGEND TEXTILES

"Stretchable" marked articles are made of fabrics in which elastic fibres have been integrated. These fibres are particularly stretchable and provide perfect comfort with optimum freedom of movement.

"Breathable" marked articles are equipped with special ventilation vents and/or consist of fabrics that are particularly breathable. This provides continuous air circulation around the body for a cooling effect, even in very warm environments.

Identifies products with waterproof properties

Identifies products with water-repellent properties

Leather

Pockets

Washability

Very light fabric

Safety lock

Information: Due to different fabric qualities there might be slight colour differences. There might also be slight colour differences within a size range, due to production. Illustrated colour values are approximate values.

By the publication of this catalog the former main catalogue 2024 is no longer valid. We steadily develop the items of our collections and reserve the rights to improve and change the collections, while this catalogue is valid. Despite of the greatest caution, there may be discrepancies in the representation of the textile colours, because of print-technical matters. Possible colour-discrepancies, type errors , as well as misprints in graphic or writing are reserved.
